Tubac Golf Resort & Spa is an intimate, full-service destination resort on the historic 1789 Otero Ranch in Southern Arizona. Set on 600 acres surrounded by the Santa Rita and Tumacácori Mountain ranges, the topography offers a pastoral setting in contrast to the desert environment just 20 miles north. The resort features a Red Lawrence designed golf course (a location for the movie "Tin Cup"), tennis, dining, swimming and relaxation amid historic structures and lush natural vegetation and gardens. National historic trails and sites abound in the area.

The resort was masterminded by the late Bing Crosby in 1959 as a getaway for Hollywood notables. Current ownership is investing \$40 million to carefully restore and enhance the property. Completed projects include a Conference and Banquet Center (7,000 sq. ft. total), 52 haciendas (for a total of 98 rooms), a retail village featuring distinctive galleries and gift shops, Guest Services Center, Pro Shop/Clubhouse and expanded indoor and outdoor dining and lounge areas. The golf course was recently renovated and now incorporates split rail fencing and grazing cattle to capture the Spanish Colonial ranch ambiance.

An addition nine-hole golf course coupled with custom home sites and a Spanish-style wedding mission opened in 2006; a 4,500-sq. ft spa opened in August of 2007.

The resort is 36 miles south of Tucson International Airport and 20 miles north of Nogales, Mexico, adjacent to the historic Village of Tubac in Santa Cruz County, Arizona. Resort information and reservations: (800) 848-7893, (520) 398-2211 and www.tubacgolfresort.com.
